When it's over
When we're through with subtleties
Kill this mastering of streaming download dreams
Clouded over, the peeling vanity walls
Bleed out your house and lead me on and on

Reminisce you uninspired boar
Delegate your onus on us more
Regulate your focus on us all

Wondering out alone to avoid a feeling
Looking to catch a glimpse of natural sun

Count it over
Screaming victories
Count your deception of leaving us intrigued
Turn an overtone
To endless sodomy drones
Bleed out your house and lead me on and on

Reminisce you uninspired boar
Delegate your onus on us more
Regulate your focus on us all

Wondering out alone to avoid a feeling
Looking to catch a glimpse of natural sun
I'm in the oversold control of meaning
Being a part of your assembled thought
